

## Office of Governor Ted Strickland American Recovery and Reinvestment Act Information Sessions

Join members of Governor Strickland's Staff and Executive Agencies for an information session on the economic stimulus package.

These sessions will provide information for:

- Small, Minority Owned, and Economically Disadvantaged Business Enterprises that want to learn about procurement opportunities through the stimulus package and state government
- County, Municipal, and Township government officials
- Non-Profit and Community Organizations that may apply for funding or serve individuals eligible for assistance

In each location, two information sessions will be offered to provide flexibility to attendees. Staff will provide the same presentation during both time periods. The presentation will consist of a 30-minute overview followed by two small group sessions. One session will provide information for organizations that serve individuals. The other session will focus on economic stimulus and other opportunities for businesses. These small group sessions will last approximately 60-minutes and will provide time for questions from attendees.

---
